

## SILVER FOR GOLD

Your RM is participating in a fundraiser for **Childhood Cancer** by collecting “pop can” tabs in our office until May 2022.

Collect your tabs and drop them off at the RM Office – the container is just inside the door and accessible during office hours. 1250 tabs equal one pound and each pound is worth \$1.00

Silver for Gold was created by EcoGenX and has partnered with Small But Mighty SK and the Rural Municipal Administrators Association (RMAA).
